Chair can vote, clarity of positions are reflected, principal and teacher non voting members, minimum number of meetings changed from 10 to 8, what constitutes a voting matter – it is up to the SCC – any decision that you don't have a consensus then vote,  
Proposed by Lambert to have people review the draft completed last year and then vote on it next meeting, then Lambert takes it to the board for approval  
Add a note under majority vote model: to go to this when a consensus can't be reached  
AGM – need 30 days notice – doesn't have to be in October
